

Hierarchy Cantilever Chair

Part Number(s): 53216-XXX-XX, 53218-XXX-XX

**OVERVIEW:**

Hierarchy Seating is available in four-leg glide, four-leg caster, four-leg stool, cantilever, rocker, 5-star chair, and 5-star stool models. Cantilever models are available in 16" and 18" seat heights.

SHELL SPECIFICATIONS:

Seat is designed as a single-piece structurally engineered injection-molded shell of reinforced polypropylene. Includes a carrying handle in the back. All shells are offered in eight standard colors. Visit moorecoinc.com to see all possible chair shell colors.

FRAME SPECIFICATIONS:

Cantilever frame is constructed of 1" 12-gauge tubular steel legs welded to two support brackets. The frame support brackets attach to the plastic shell using four 3/16" steel pop rivets. Two rubber strip bumpers are attached to the support brackets. Frame is available in platinum finish.

GLIDE SPECIFICATIONS:

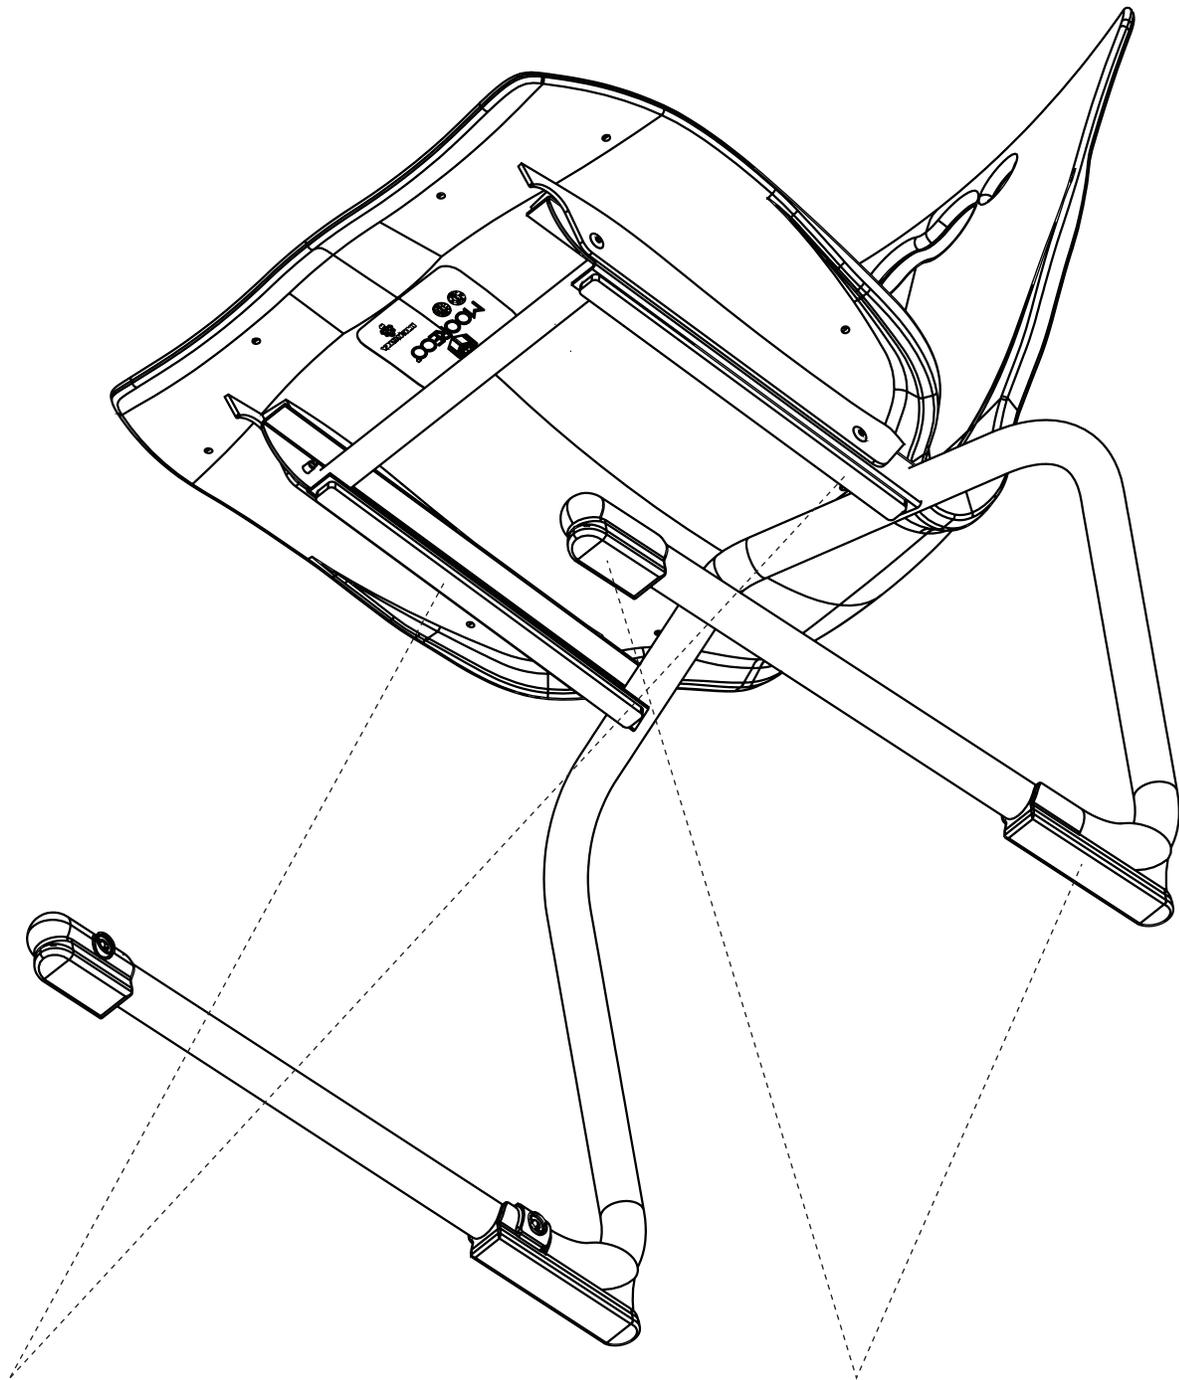

Plastic glides are installed into the frame with screws and include a rubber pad for the bottom of the glide.

COMPLIANCE:

Meets or exceeds ANSI/BIFMA X5.1-2012 and ANSI/BIFMA X6.1-2012

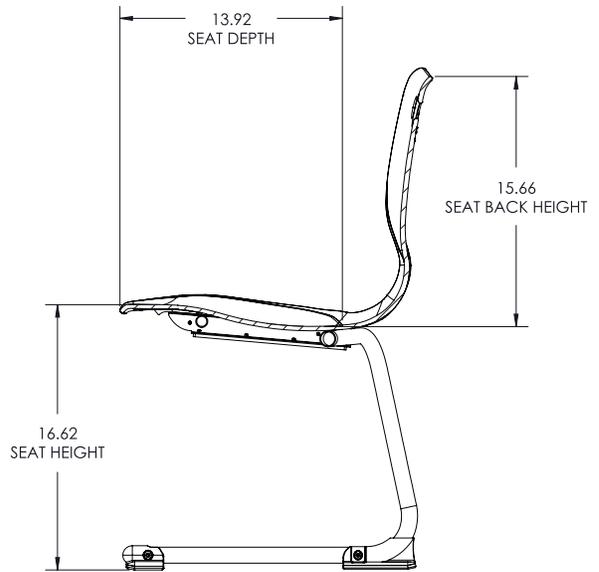

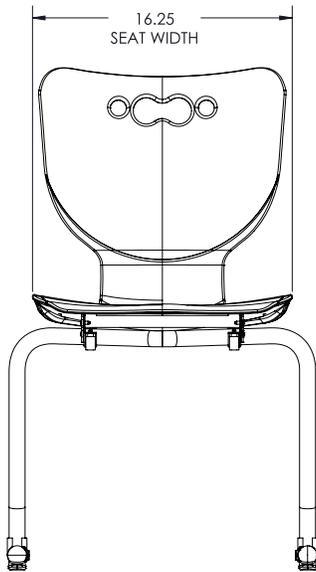

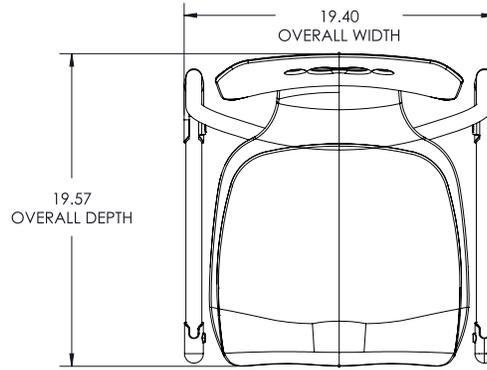

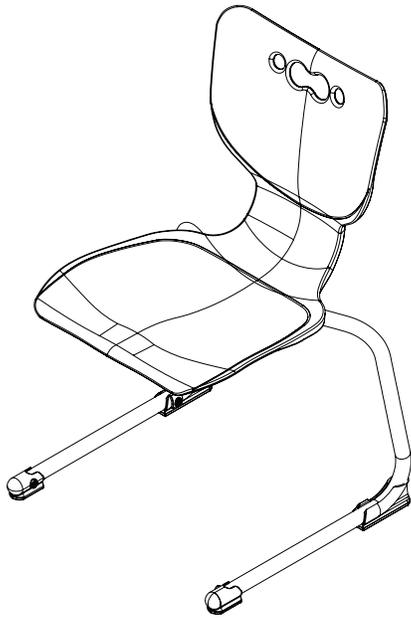

CANTILEVER FRAME STRUCTURE:

Two rubber strip bumpers are attached to the support brackets under the chair shell. The rubber bumpers aid in stacking and are designed to protect table surfaces when the chair is stowed off of the floor.

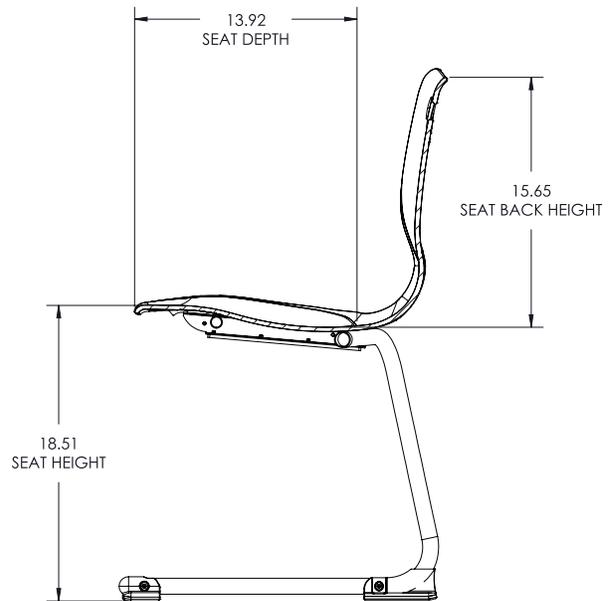

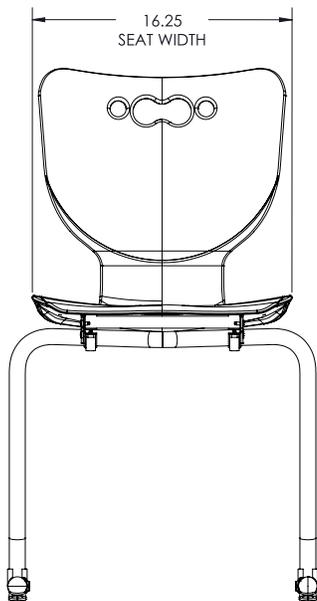

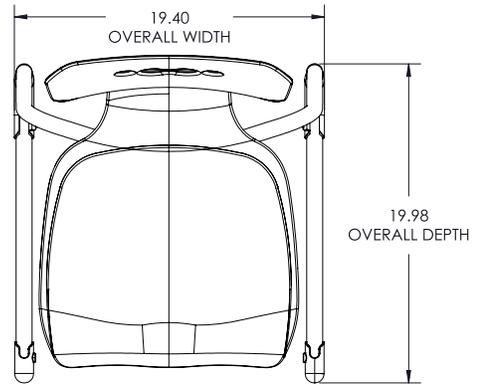

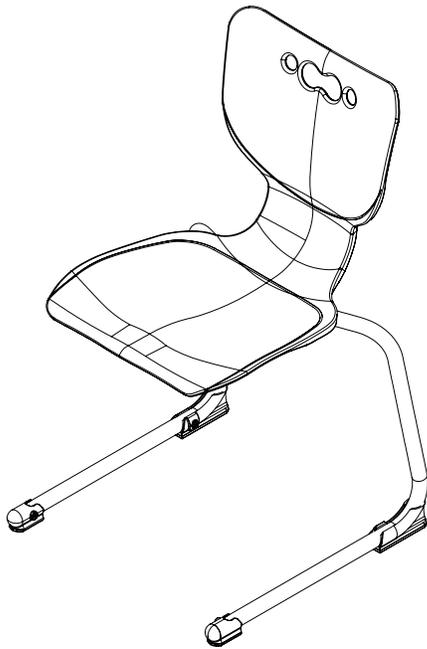

Glides come with rubber padding and are designed to protect multiple floor types.

DIMENSIONS - HIERARCHY CANTILEVER CHAIR 16" :

BASE MODEL NO.	Overall Width	Overall Depth	Seat Width	Seat Height	Seat Depth	Seat Back Height
53216-XXX-XX	19.4"	19.6"	16.3"	16.6"	13.9"	15.7"
