KEY FEATURES

Secure, High-Capacity Storage

Two angled shelves keep books secure during transport, while a flat bottom shelf holds larger or stacked items.

Tough Steel Construction

Shelves are made of 20-gauge steel, supported by an 18-gauge steel frame and side panels for long-lasting durability.

Industrial-Grade Mobility

Heavy-duty 5" casters allow for smooth movement, sharp turns, and easy reversals across carpet, tile, or hard floors.

Clean, Modern Finish

Powder-coated surface resists scratches and scuffs, maintaining a professional appearance even with heavy use.

Certified for Indoor Environments

SCS Indoor Advantage Gold Certified for low chemical emissions and better indoor air quality

Industrial Strength, Everyday Mobility

Tough enough for daily duty and sleek enough for modern spaces, the Tallo Mobile Metal Book Truck brings rugged performance and efficient design to libraries, media centers, and resource rooms. With high-capacity angled and flat shelving, this cart keeps books secure and organized while moving smoothly through any environment.

Constructed from heavy-gauge, powder-coated steel and equipped with industrial casters, Tallo is made to handle the heaviest loads with ease—so you can roll confidently from room to room, aisle to aisle.

Ideal for:

- K-12 and university libraries
- Media centers and resource rooms
- Classrooms and administration spaces
- Book fairs and mobile literacy stations
- Any high-demand, mobile storage environment
