

LAB STOOL

Height Adjustable Stool

- Solid wood and steel construction lab stools are engineered to withstand daily use to provide you years of performance.
- The Lab Stool is an attractive, durable, and practical seating choice, ideal for science classrooms and other learning or group environments.
- Solid wood seat (12-1/2" diameter x 1" thick) is height adjustable from 18-1/4" to 29-1/4" in 1-1/2" increments.
- Frame is gray powder-coated steel with a built-in footrest. Metal nut inserts in the seat keep screws in tightly and prevent the wood from splitting. Leveling glides are included.
- SCS Indoor Advantage Gold Certified.
