

PANEL RESURFACING TOOLS

- Replace and renew your surface with ease with our helpful and easy to use resurfacing tools.
- **Panel Adhesive:** Multipurpose construction adhesive assures a durable bond between your resurfacing material and the mounting surface. Adhesive is high strength, fast setting, non-staining, and resists moisture and alkalis. Each set of four tubes covers approximately 16 square feet (4' x 4').
- **Panel Roller:** Ensure even and secure adhesion of resurfacing panels with the heavy duty panel roller. Dense roller material provides even pressure as you roll your panels, eliminating air pockets to ensure panels fully adhere to the surface. Works to even out and tighten seams between panels as well. Angled handle increases leverage and comfort.
- SCS Indoor Advantage Gold Certified.

PART NO.	ITEM	DIMENSIONS	SHIP WT.
531	Panel Adhesive (set of 4 tubes)	covers approx. 16 sq. ft.	4 lbs
545	Panel Roller	9"H x 9"W	5 lbs
