

LULY™ SOFT SEATING

CONSTRUCTION & FEATURES:

- Our new Luly™ soft seating family takes on a higher-ed, residential feel, exuding hints of mid-century design blended with modern day needs. Sweeping bold rounded corners and generously stuffed cushions rest on minimal, tapered leg frames. Thoughtful elements such as the 1960's "squircle" shape are included. This arched square geometry is repeated across this and other product lines, for example, in tabletops, risers, and stand-off knobs.
- Comfort and user experience come first within this soft seating line. The ergonomically designed seating features plush cushions, power integration, and ADA flexibility. The furniture is raised off the floor for ease of cleaning underneath. A minimalist approach is closely regarded by asking these three questions: Is it comfortable? Is it necessary? Is it appealing?
- Get creative with your space! Straight and curved sections can be combined to accommodate any space configuration. Curved shapes have been proven to calm the brain, foster positive emotions, and promote social interaction. Complete the scene with accent tables and accessories. All pieces can be curated together and are designed to live in harmony. The Luly family is cozy, durable, versatile, and organized.
- SCS Indoor Advantage Gold Certified.
