Elevate Wind Down

KEY FEATURES

Designed for Young Learners

Child-sized design is perfect for reading, resting, or regrouping after high-energy activities.

Supportive & Calming Environment

Provides an enclosed, cozy space to help students manage overstimulation, reduce stress, and build self-regulation skills.

Soft & Cozy Construction

Nook is comfortable and easy to scoot on hard flooring, making it ideal for flexible and wellness-focused classrooms.

Tailored Upholstery Options

Finished with top-stitched upholstery available through our graded-in fabric program or COM by approval.

Built for Durability

Made in the USA with commercial-grade 3/4" plywood and hardwoods for lasting performance in high-use spaces.

A Cozy Retreat for Calming and Refocusing

Designed just for kids, the Elevate Wind Down creates a cozy, enclosed retreat where students can refocus, reset, or simply relax. By providing a safe and calming space, this nook helps children manage their emotions and energy throughout the school day.

Perfect for K-12 classrooms, the Wind Down gives students a quiet area to read, reflect, or self-regulate during transitions or after high-energy activities. Available in two sizes just right for young learners to feel secure.

The soft foam round construction makes the nook comfortable, and easy to reposition. Finished with top-stitched upholstery available through MooreCo's graded-in fabric program or COM (with approval), and nylon glides.

Manufactured in the USA from commercial-grade plywood and hardwoods, Elevate Wind Down comes with a patent pending design, 12-year limited warranty, compliance with Prop 65 and CAL 117-2013, and SCS Indoor Advantage Gold Certification.

Ideal for:

- K-5 classrooms
- Sensory rooms and calm corners
- Behavior intervention spaces
- Media centers and reading nooks
- Student wellness and quiet zones
