KEY FEATURES

Height-Adjustable Mobility

Pneumatic seat adjusts from 23"–33"H for a wide range of user preferences, promoting ergonomic alignment.

Smooth 5-Star Base

Provides exceptional stability and effortless movement, ideal for dynamic learning and working environments.

Ergonomic Low Back Shell

Injection-molded for durability and comfort, offering subtle lumbar support with a sleek, modern silhouette.

Active Comfort Design

Encourages natural posture shifts and movement, reducing fatigue during long sessions of teaching, working, or collaborating.

Versatile Performance

A smart, adaptable alternative to traditional lab stools—perfect for spaces where flexibility, comfort, and mobility matter most.

Dynamic Comfort with Effortless Mobility

The Hierarchy Low Back 5-Star Stool brings modern comfort together with smooth, responsive mobility—perfect for active learning and working environments. With an adjustable seat height ranging from 23”–33”, this stool flexes to fit a wide variety of users and table heights, from makerspace counters to sit/stand collaboration zones. The sleek, low-back Hierarchy shell offers ergonomic support with a contemporary profile, while the stable 5-star base with casters keeps you moving with confidence. Available in a palette of versatile, neutral shell colors, it blends seamlessly into higher education, commercial, and creative spaces.

Whether you’re teaching, creating, collaborating, or shifting gears throughout the day, the Low Back 5-Star Stool keeps up effortlessly. SCS Indoor Advantage Gold Certified.

Ideal for:

- Science labs and classrooms
- Maker spaces and STEM spaces
- Hybrid learning environments
- Higher education lecture halls
- Collaborative workspaces
- Office, training, and breakrooms
