

iTeach[®] Platinum Pro

Flat Panel Wall Mount

KEY FEATURES

Fast, Intuitive Assembly

Uprights and TV mount assemble quickly into a self-standing base, minimizing installation time and labor.

Secure Wall-Mounted Stability

Includes two brackets to mount the base directly to wall studs, delivering long-term confidence in high-use environments.

Heavy-Duty Display Capacity

Supports flat panels up to 300 lbs, providing dependable strength and stability for today's large-format displays.

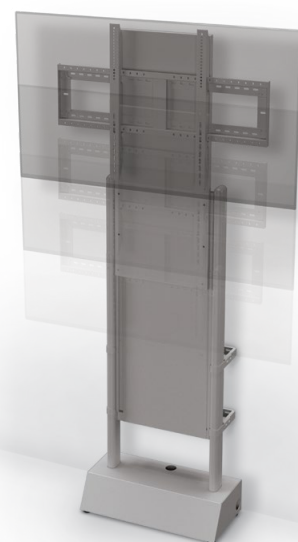

Expanded Height Adjustment

Offers 25.5 inches of smooth electric height travel, significantly increasing flexibility over previous iTeach models.

Coordinated Platinum Finish

A clean, modern platinum finish integrates seamlessly with other MooreCo products for a cohesive, professional look.

Wall-mounted stability. Effortless adjustment. Designed for modern learning spaces.

iTeach® Platinum Pro Flat Panel Wall Mount brings the elevated performance of the Platinum Pro family to a sleek, space-saving wall-mounted solution. Designed as a next-generation replacement for the original iTeach, it delivers increased adjustability, lighter weight, and dramatically simplified assembly, all in a refined platinum finish that coordinates with many MooreCo products.

Built to support flat panels up to 300 lbs, Platinum Pro offers an impressive 25.5 inches of electric height adjustment, providing exceptional flexibility for improved sightlines and inclusive viewing. The intelligently engineered uprights and TV mount assemble quickly into a self-standing base, allowing installation in minutes. For added stability, two included brackets secure the base directly to wall studs, creating a confident, permanent solution without sacrificing adjustability. The iTeach Platinum Pro is easy to handle during installation while maintaining the strength educators expect from MooreCo. SCS Indoor Advantage Gold Certified for healthier, human-centered environments.

Ideal for:

- K-12 classrooms
- Lecture and instructional spaces
- Collaborative learning areas
- Fixed AV installations
- Schools upgrading legacy wall-mounted displays

Brackets mount to studs for a sturdy and stable mount that maintains full adjustability.
